

Rollenmitnehmerkette D20 VarioFlow plus, Baugröße 90, Länge 2898 mm - Bosch Rexroth 3842998721

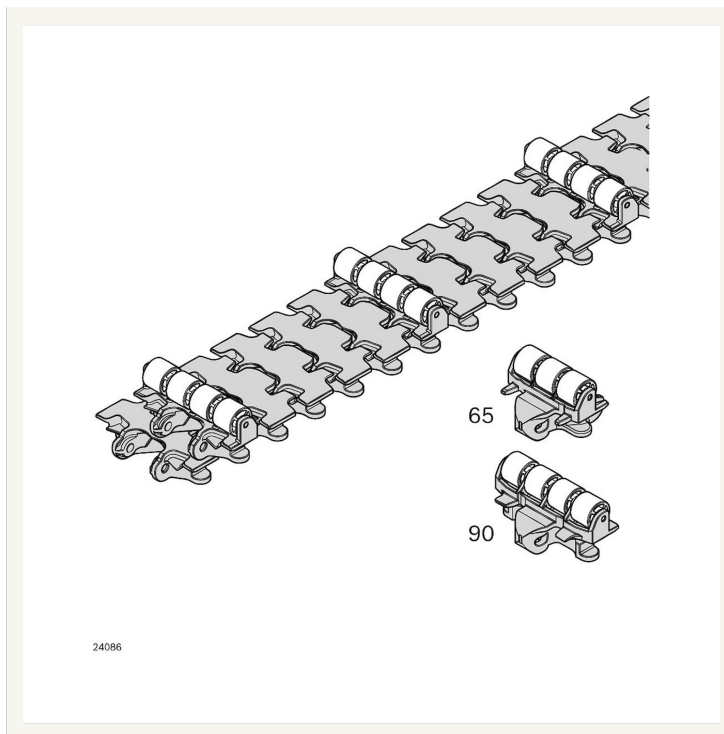

Item no. BRR-3842998721

Manufacturer Bosch Rexroth

Fully assembled roller cleated chain for the VarioFlow plus conveyor chain system, size 90, chain length 2898 mm. Chain link and roller in POM, chain pin in stainless steel 1.4301, pivot pin in PA 66. Supplied complete with chain pin and jointed bolts - ready to install.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Austria
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The D20 roller cleated chain is the central conveying element in the Bosch Rexroth VarioFlow plus chain conveyor system. Supplied in size 90 with a finished length of 2898 mm, the chain arrives fully assembled - including all chain pins and jointed bolts - so no additional assembly is required on site.

- **Ready to install:** Chain fully assembled, incl. chain pin and jointed bolts - no preparation needed
- **Material combination:** Chain link and roller in POM for low friction and good chemical resistance; chain pin in non-rusting steel 1.4301 for corrosion resistance; pivot pin in PA 66 for high mechanical load capacity
- **Precise fit:** Dimensions and pitch matched to all VarioFlow plus components in size 90

TECHNICAL DATA

Property	Value
Size [b]	90 mm
Length [L]	2898 mm
Chain type	Roller cleated chain D20
System	VarioFlow plus
Chain link	POM
Chain pin	Non-rusting steel 1.4301

Property	Value
Pivot pin	PA 66
Roller	POM
Delivery condition	Fully assembled, incl. chain pin and jointed bolts
Packaging unit	1
