## STANDARDS & COMPLIANCE

**ESD safe**

## DESCRIPTION

The BS 2/R-300 belt section is a straight conveying element for the Bosch Rexroth BS 2 transfer system, providing linear transport of workpiece carriers across a 300 mm usable width. It connects directly with other BS 2 modules - switches, curves, and accumulation sections - without adapter parts.

- Direct system compatibility: plug-in integration into existing BS 2 assembly lines
- 300 mm transport width suits standard workpiece carrier formats
- Minimal weight (9.9 g) simplifies line reconfiguration and handling
