

90°-Kurve für Transfersystem TS 2plus, montiert, IT 160-1040 mm - Bosch Rexroth 384299994

Item no. BRR-384299994 **Manufacturer** Bosch Rexroth

Manufacturer no. 384299994

The KU 2/O-90 curve redirects workpiece carriers through 90 degrees within the TS 2plus transfer system and is delivered fully assembled. Available lengths in the direction of transport range from 160 mm to 1040 mm, with preferred values up to 800 mm. Operation requires a plastic flat top chain conveyor medium, a drive station AS 2/C, and a return unit UM 2/C.

DESCRIPTION

The KU 2/O-90 is a 90-degree direction-change unit for the Bosch Rexroth TS 2plus transfer system. Supplied fully assembled, it integrates directly into new or existing transfer lines without additional assembly effort. Maximum operating temperature is +40 °C.

- Fully assembled on delivery - ready to install, no build-up required
- Eight selectable lengths in the direction of transport (160 to 1040 mm) for flexible line layouts
- System-compatible with all other TS 2plus components for a continuous conveyor line
