

Umlenkung UM4/S für Transfersystem, BWT 1243 mm - Bosch Rexroth 8981019499

Item no. BRR-8981019499

Manufacturer Bosch Rexroth

Return unit type UM4/S for Rexroth modular transfer systems, designed for a belt working width (BWT) of 1243 mm. The component redirects the belt or chain at the system end and integrates directly into the UM4 series modular architecture. At approximately 10 g, it supports quick replacement with minimal downtime.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	United States
Weight	0.0099 kg
Zolltarifnummer	84313900

DESCRIPTION

The UM4/S return unit is a precision deflection component for Rexroth modular transfer systems, guiding the conveying medium at the system end across a belt working width (BWT) of 1243 mm. Its low weight of approximately 10 g and modular design allow straightforward installation and fast in-line replacement.

- Compatible with Rexroth UM4 series transfer systems
- Belt working width (BWT): 1243 mm
- Low component weight: approx. 10 g
- Modular design for easy system integration and extension

TECHNICAL DATA

Parameter	Value
Designation	Return unit UM4/S
Belt working width (BWT)	1243 mm
Weight	0.0099 kg (approx. 10 g)
Manufacturer part number	8981019499
Manufacturer	Bosch Rexroth
