ESD safe

DESCRIPTION

Mobile aluminium-profile system trolley that keeps containers and rack boxes arranged and rollable.

- Smooth-running lockable casters bring order on the move to the workplace.
- Pull-out versions give a full overview and easy access.
- A stable aluminium construction carries high loads at low weight.
- The ESD version dissipates electrostatic charges through all parts including the wheels.

Used in assembly, order picking, workshops and electronics manufacturing for mobile parts supply.

Aluminium-profile construction, manufactured in Germany.
