STANDARDS & COMPLIANCE

ISO7089-6

DESCRIPTION

The Bosch Rexroth Multi Use door lock (uniform locking) secures swing and sliding doors in aluminium profile systems, letting a single key operate every lock in the installation. It mounts in profile slots 8 and 10 with no additional profile finishing; concealed fastening screws keep the surface clean.

- Uniform locking: one key for all locks in the system
- Left- and right-hand operation
- Compatible with a wide range of profile grids (30 / 40 / 45 / 50 / 60 mm)
- Concealed fastening screws for a neat finish
- No profile finishing required
- Note: differing gap measurements for doors narrower than 400 mm (up to 45 mm modular dimension) or narrower than 600 mm (50 mm modular dimension) - see assembly instructions 3 842 554 184
