DESCRIPTION

The Compact emergency release (article 3842554134) is the dedicated add-on for the Compact swing-door lock, enabling emergency opening from the inside when gap dimensions comply with assembly instructions 3 842 554 192. It fits directly into profile slot 10 with no profile machining.

- Compatible with Compact series swing doors, profile slot 10
- Emergency opening from inside - meets safety requirements for enclosed guarding systems
- Red PA6 pushbutton (RAL 3020) - signal-color compliant and clearly visible
- Galvanized steel body - durable and corrosion-resistant for industrial environments
- Concealed fastening screws - clean appearance, no external access to fixing points
- No profile machining required - direct integration into existing profile structures
- Scope of delivery: 1x cylinder head screw ISO4762-M6x16, 1x washer ISO7092-6, 1x T-nut slot 10 M6
