

Netzkabel 5 m mit RCD-Modul und PE-Anschluss, orange - Bosch Rexroth 3842555600

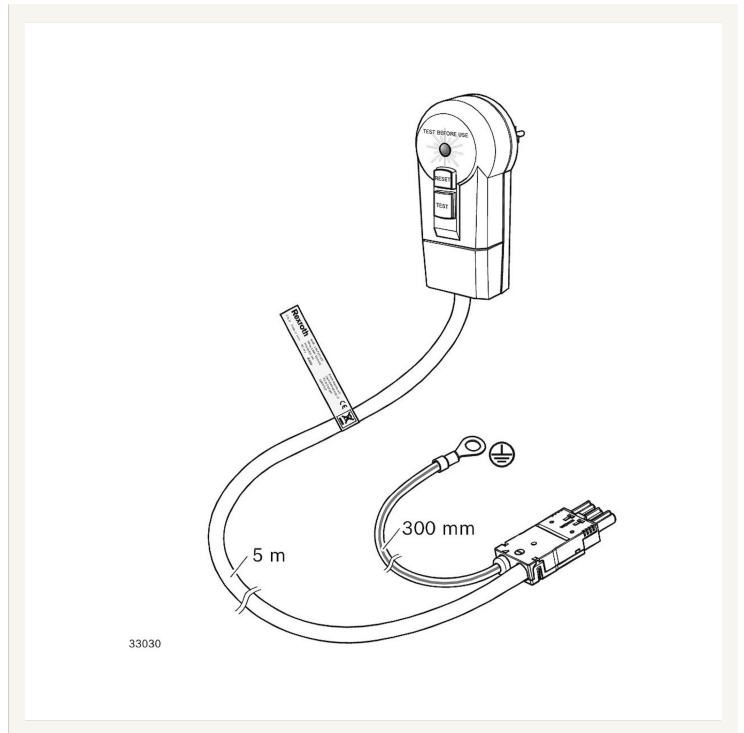

Item no. BRR-3842555600

Manufacturer Bosch Rexroth

Mains cable for Bosch Rexroth manual assembly workstations, featuring an integrated RCD module for personal protection, PE connection for proper earthing, and a 5 m cable length. Orange PVC jacket (H07BQ-F), IP20 protection class per DIN EN IEC 60529.

TECHNICAL DATA

Colour	Orange
Country of Manufacture	Romania
Lenght	5 m
Weight	0.8 kg
Zolltarifnummer	85444290

STANDARDS & COMPLIANCE

IEC 60529

DESCRIPTION

The 3842555600 mains cable connects Bosch Rexroth manual production system workstations to the power supply with integrated residual-current protection. The built-in RCD module provides personal safety directly at the workstation, while the PE connection ensures correct earthing without additional components.

- 5 m cable length - sufficient reach for fixed workstation installations
- Integrated RCD module - residual-current protection without a separately installed external circuit breaker
- PE connection - compliant earthing for safe operation
- PVC jacket H07BQ-F, orange - durable insulation with clear visual identification on the shop floor
- Protection class IP20 (DIN EN IEC 60529) - suited for use in enclosed production environments
