DESCRIPTION

The sliding rail 90+ STS 30° Top is a guide element for the Bosch Rexroth VarioFlow plus aluminium chain conveyor system. It provides lateral and upper guidance of the conveyor chain through 30° curve sections in size 90 and is made from stainless steel 1.4301 - suitable for food, pharmaceutical, and electronics assembly as well as environments with elevated hygiene or corrosion requirements.

- Stainless steel 1.4301 material for corrosion-resistant continuous operation
- Compatible with VarioFlow plus aluminium track sections, size 90
- 30° curve version, top mounting position
- Supplied as a single rod in standard length, packaging unit 1
