DESCRIPTION

The sliding rail 90+ STS 45° Top is a wear and guide element for the Bosch Rexroth VarioFlow plus aluminium chain conveyor system. It handles chain guidance through the 45° Top curve configuration and is manufactured from stainless steel 1.4301, making it suitable for hygiene-sensitive assembly and production environments.

- Stainless steel 1.4301 - corrosion-resistant and easy to clean
- Size 90 mm - compatible with VarioFlow plus aluminium track sections
- 45° Top geometry for defined curve guidance
- Supplied as a single rod in standard length, packaging unit 1
