

# Einschiebbarer Nutenstein Nut 8, M5/M4, Stahl verzinkt - Bosch Rexroth 3842557259

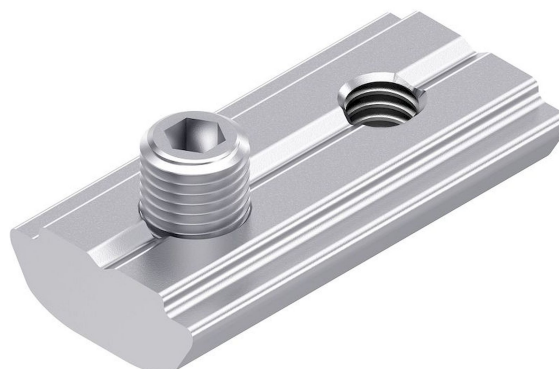

Item no. BRR-3842557259

Manufacturer Bosch Rexroth

Swivel-in sliding block for Bosch Rexroth slot-8 aluminum profiles, accepting both M5 and M4 threads. The swivel-in design allows insertion at any point along the profile groove without disassembly. Maximum groove retention force 2200 N, zinc-plated steel, supplied in packs of 100.

## DESCRIPTION

The 3842557259 sliding block secures brackets, connectors, and accessories to Bosch Rexroth slot-8 aluminum profiles. Its swivel-in feature lets the block be inserted anywhere along the groove after the profile is already in place - no disassembly required. Two thread options, M5 and M4, in a single component simplify compatibility with standard fasteners and Rexroth assembly hardware.

- Swivel-in design: insert at any position along the groove after installation
- Dual thread options M5 and M4 in one part reduce inventory complexity
- Groove retention force up to 2200 N for reliable load-bearing connections
- Zinc-plated steel: corrosion-resistant, suited to industrial environments
- Compact footprint (24 mm x 12 mm x 4.8 mm) for space-efficient assemblies

## TECHNICAL DATA

|              | Attribute | Value |
|--------------|-----------|-------|
| Profile slot | 8         |       |
| Thread size  | M5; M4    |       |
| Swivel-in    | yes       |       |
| Length l     | 24 mm     |       |
| Dimension b  | 12 mm     |       |

| Attribute             | Value             |
|-----------------------|-------------------|
