DESCRIPTION

The T-slot nut 3842557260 is a connecting element for Bosch Rexroth aluminium structural profiles with slot 8. Its swivel-in capability means it can be inserted at any position along the profile after assembly - simplifying reconfiguration and extension of structures without disassembling the profile. Compatibility with both M5 and M6 threads gives additional flexibility when selecting fasteners.

- Post-assembly positioning: insert anywhere along the slot without removing the profile
- Dual thread sizes: accepts M5 and M6 in a single part
- High retention force: groove retention up to 2200 N for load-bearing connections
- Compact dimensions: 24 mm long, 12 mm wide, 4.8 mm high
- Corrosion-resistant: galvanized steel for continuous industrial use
