DESCRIPTION

The 40x20 mm PVC cable duct organises electrical lines in workstation and assembly systems built on the Bosch Rexroth 10 mm profile slot system. The clip-fit design snaps into the slot tool-free; the captive cover remains on the duct when opened, keeping hands free and the workspace clear. End caps with pre-punched holes provide clean cable entry and exit points.

- Tool-free installation - clips directly into the 10 mm profile slot
- Captive cover stays attached for fast, unobstructed access
- Large usable volume for multi-conductor cable routing
- End caps with pre-punched cable entry holes included
- VDE certified; ESD-conductive connection between profile and duct achievable by design (e.g. screw)

- PVC material, signal gray - integrates with Bosch Rexroth aluminum profile systems

Technical data

Specification	Value
Article number	3842557443
Cross-section (W x H)	40 x 20 mm
Length	2000 mm
Profile slot	N10 (10 mm)
Material	PVC
Color	Signal gray
Weight	0.6 kg
Packaging unit	1 piece
Certification	VDE
