DESCRIPTION

The GB-A1710 grab container cover in red closes the matching Bosch Rexroth container and keeps contents protected from dust and unintended access. Made from ESD-rated ABS (conduction resistance $R_{gp}/R_{pp} = 10^8 \dots 10^{12} \Omega$), it is suited to ESD-protected production areas handling electrostatic-sensitive components.

- ESD-safe design per IEC 61340 - ready for EPA (ESD Protected Area) use
- Conduction resistance $R_{gp}/R_{pp} = 10^8 \dots 10^{12} \Omega$
- Red ABS construction - lightweight, dimensionally stable, easy to clean
- Red colour coding for fast visual identification on the production line
- Designed to fit the GB-A1710 grab container in the Bosch Rexroth manual production systems range
