DESCRIPTION

The clamping profile 1S for 10 mm slot secures attachments and connecting elements firmly to Bosch Rexroth aluminium profiles with a 10 mm groove. The single-sided design (1S) suits applications where clamping is required on one profile face only. The integrated through-hole for the mounting screw enables fast, accurate assembly without additional machining.

- Single-sided clamping (1S) - compact form factor for confined mounting situations
- 10 mm slot - compatible with Bosch Rexroth aluminium profiles in the 10 mm groove series
- Through-hole for mounting screw - clean, position-accurate installation
- 1000 mm length - individually orderable; length range 50 to 3000 mm available
