

Führungsstange D12 H9, 1000 mm, nichtrostender Stahl - Bosch Rexroth 3842993306-1000

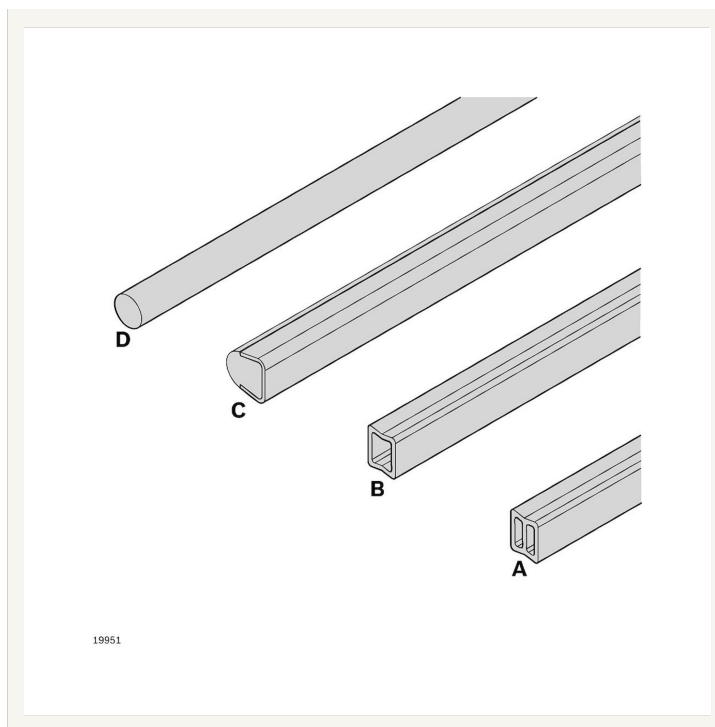

Item no. BRR-3842993306-1000

Manufacturer Bosch Rexroth

Precision guide rod with 12 mm diameter and H9 tolerance for the VarioFlow plus conveyor clamping system. Cut to 1000 mm from the variable-length supply range (200-3000 mm), made from stainless steel for reliable long-term use in assembly technology. Recommended accessory: Clamping Holder D12 L100.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.0099 kg
Zolltarifnummer	84831095

DESCRIPTION

The Guide Rod D12 H9 positions and guides clamping elements in the VarioFlow plus chain conveyor system with precision. The 12 mm diameter with H9 fit tolerance ensures tight guidance clearances and consistent clamping force. Stainless steel construction provides resistance to corrosion, moisture, and cleaning agents in demanding production environments.

- H9 tolerance for accurate guidance and repeatable clamping positions
- Stainless steel - resistant to moisture and cleaning agents
- Variable supply length 200-3000 mm, this unit: 1000 mm
- Compatible with Clamping Holder D12 L100 (recommended accessory)

TECHNICAL DATA

Attribute	Value
Article number	3842993306-1000
Diameter	12 mm
Fit tolerance	H9
Length (this unit)	1000 mm
Length min	200 mm
Length max	3000 mm

Attribute	Value
Material	Steel, stainless
Condition on delivery	Variable length
Recommended accessory	Clamping Holder D12 L100
System	VarioFlow plus chain conveyor
