ESD safe

DESCRIPTION

The lower sliding door profile 3842993426 forms the bottom track for sliding doors in the Bosch Rexroth assembly technology system, Series 40. Paired with the upper profile (3842993425), it provides precise, smooth door guidance in protective enclosures, partition walls, and workstation setups.

- Anodized aluminum construction: corrosion-resistant, dimensionally stable, and low-maintenance
- 10 mm groove: compatible with standard Series 40 accessories and connectors
- Custom lengths from 40 mm to 3,000 mm, supplied as individual pieces cut to size
- Matched to upper sliding door profile 3842993425 for balanced, symmetrical guidance
