

Führungsstange LF20 VA, 1000 mm - Bosch Rexroth 3842993969-1000

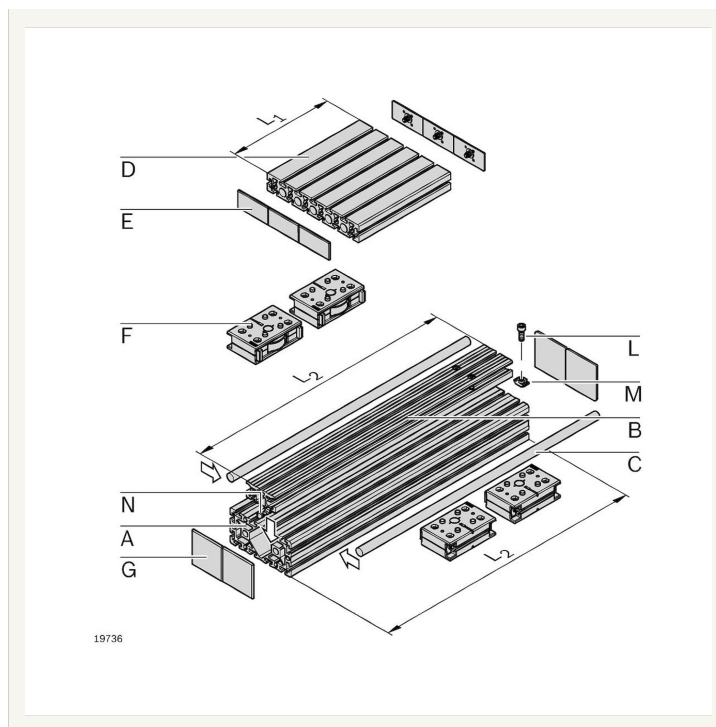

Item no. BRR-3842993969-1000

Manufacturer Bosch Rexroth

Guide rod for the Bosch Rexroth LF20S roller rail guide system, manufactured from an induction-hardened and polished solid stainless steel shaft (VA). This version is supplied cut to 1000 mm; the full variable length range spans 150 mm to 2900 mm. The rod is delivered ungreased and must be lubricated prior to assembly in accordance with assembly instructions 3 842 527 226.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.0099 kg
Zolltarifnummer	84831095

DESCRIPTION

The LF20 VA guide rod is a core component of the Bosch Rexroth LF20S roller rail guide system. It is produced from a solid stainless steel shaft (VA) that is induction hardened and then precision ground, making it suitable for applications requiring high corrosion resistance and tight dimensional accuracy.

- Material: solid VA shaft, induction hardened and ground for precise guidance
- Stainless steel construction for corrosive or humid operating environments
- Variable length range: 150 mm to 2900 mm - this version supplied at 1000 mm
- Delivered ungreased - lubrication required per assembly instructions 3 842 527 226
- Packaging unit: 1 piece

TECHNICAL DATA

Attribute	Value
Type	LF20 VA
Material	Solid shaft VA, induction hardened, polished
Length (this version)	1000 mm
Length min [L2 min]	150 mm
Length max [L2 max]	2900 mm
Mass [m]	2.47 kg

Attribute	Value
Condition on delivery	Ungreased
Delivery note	Grease per assembly instructions 3 842 527 226
Packaging unit	1 piece
Article number	3842993969-1000
