

Hubmodul 45x60 hydraulisch variabel, LH 1000 mm, Set(2) - Bosch Rexroth 3842994001-1000

Item no. BRR-3842994001-1000 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842994001-1000

Hydraulic lifting module 45x60 for Bosch Rexroth assembly and transfer systems, with variable lift length (LH) orderable from 720 to 2000 mm in 10 mm increments and hose length (LS) from 1000 to 4000 mm. This Set(2) is configured at LH 1000 mm and supports integration into EN 1570-1-compliant lifting systems.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
ESD-Ausführung	TEC
Weight	0.0099 kg

STANDARDS & COMPLIANCE

ESD safe **EN 1570-1**

DESCRIPTION

The 45x60 variable lifting module from Bosch Rexroth is a hydraulic lifting element for use in flexible assembly and transfer lines. Supplied as Set(2) at a lift module length LH of 1000 mm, it delivers a repeatable lift function within the Rexroth aluminium profile modular system.

- Variable lift module length LH 720 to 2000 mm, orderable in 10 mm increments - precise adaptation to available installation space
- Hose length LS selectable: 1000, 1500, 2000, 2500, 3000 or 4000 mm
- Profile cross-section 45x60 mm - higher load capacity compared to the 45x45 variant
- Can be used for the implementation of EN 1570-1 (lifting tables and platforms), taking into consideration other integration measures

Technical data

Property	Value
Article number	3842994001
Variant	Lifting module 45x60 variable
Delivery	Set (2 pieces)
Lift module length LH (this article)	1000 mm
Lift module length LH (order range)	720 to 2000 mm, in 10 mm increments
Hose length LS (order range)	1000, 1500, 2000, 2500, 3000, 4000 mm
Profile cross-section	45 x 60 mm
Drive type	Hydraulic
Standard	EN 1570-1 (subject to additional integration measures)
Weight (set)	approx. 0.01 kg*
