

# Fußauflage Gummiprofil Nut 10, ESD-ableitend, variable Länge 30-2000 mm - Bosch Rexroth 3842994979-1000

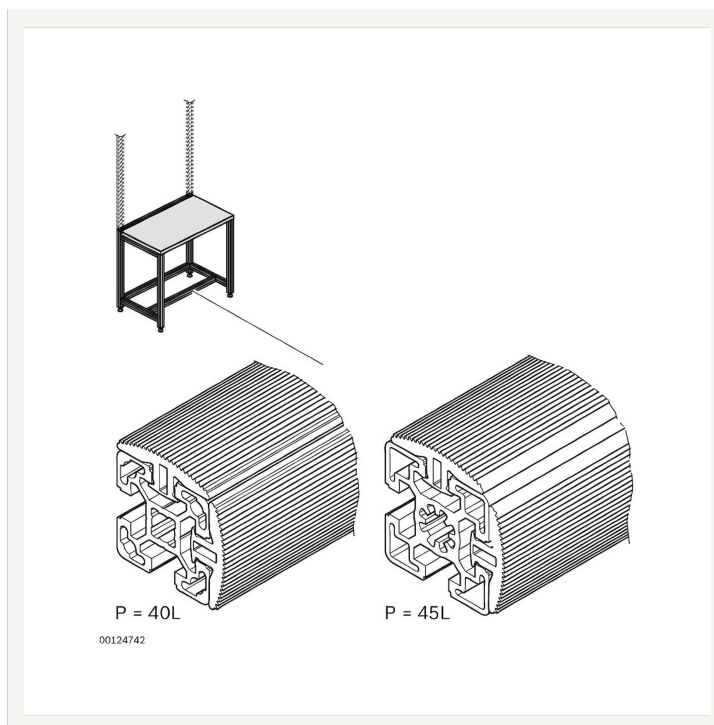

Item no. BRR-3842994979-1000

Manufacturer Bosch Rexroth

EPDM rubber foot strip for Bosch Rexroth slot-10 aluminium profiles, supplied as variable-length stock cut to size between 30 mm and 2,000 mm. ESD-dissipative construction (resistance  $1 \times 10^9 \Omega$ ) makes it suitable for EPA workstations and equipment frames. Press-fit installation into the profile slot, no tools required.

## STANDARDS & COMPLIANCE

ESD safe

## DESCRIPTION

The 3842994979 foot strip is an EPDM rubber profile that presses into the slot-10 groove of Bosch Rexroth aluminium profiles, protecting contact surfaces from scratching and vibration. Its ESD-dissipative formulation (discharge resistance  $1 \times 10^9 \Omega$ ) meets the requirements of electrostatic protected areas, making it a direct fit for assembly workstations in electronics production and ESD-sensitive environments.

- EPDM material - resistant to ageing, ozone and common workshop fluids
- ESD-dissipative, resistance  $1 \times 10^9 \Omega$  - suitable for EPA/ESD-protected zones
- Variable length 30 to 2,000 mm - cut to exact size, minimal waste
- Slot 10 compatible - direct fit with the Bosch Rexroth aluminium profile system
