

# Streckenprofil SP 2/R, L=6070 mm - Bosch Rexroth 3842508553

**Item no.** BRR-3842508553 **Manufacturer** Bosch Rexroth

**Manufacturer no.** 3842508553

Section profile SP 2/R for manual slide sections in assembly line conveyor systems. Roller elements clip in without tools, speeding up line configuration and changeover. Supplied as a single rod at the standard length of 6070 mm.

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Condition of article	<b>New</b>
Country of Manufacture	<b>Germany</b>
Length	<b>6070 mm</b>
Weight	<b>8.23 kg</b>
Zolltarifnummer	<b>76042100</b>

LENGTH

**6070** mm

WEIGHT

**8.23** kg

## DESCRIPTION

The SP 2/R section profile is an economical carrier profile for manual slide sections in Bosch Rexroth assembly line and conveyor technology. The 6070 mm standard length covers typical line segments without additional cutting or welding. Roller elements clip directly into the profile, which significantly accelerates the setup and reconfiguration of assembly workstations.

- Economical solution for manual slide sections
- Roller elements clip in - no special tools required
- Standard length 6070 mm for efficient use with minimal waste
- Supplied as a single rod, packaging unit 1
