

Nutenplatte 30x100 L/R, 7 offene Nuten, L=5600 mm - Bosch Rexroth 3842542695

Item no. BRR-3842542695 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842542695

Grooved plate 30x100 mm with 7 open slots and a lateral 8 mm slot acting as an outer stop. 25 mm slot spacing supports modular experimental and fixture constructions of virtually any size. Supplied as a single rod in standard length 5600 mm.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Length	5600 mm
Weight	14.88 kg
Zolltarifnummer	76042990

LENGTH
5600 mm
WEIGHT
14.88 kg

DESCRIPTION

The 30x100 L/R grooved plate is a modular profile with 7 open slots and one lateral 8 mm profile slot that serves as an outer stop. The 25 mm slot spacing allows systematic assembly of experimental constructions and jigs in any required dimensions. Sliding blocks connect multiple grooved plates into wider panels or complex structures - Bosch Rexroth recommends 3 sliding blocks per metre of profile length.

- 7 open slots plus 1 lateral 8 mm profile slot for versatile connection options
- 25 mm slot spacing - precise, repeatable positioning of attachments
- Compatible with 8 mm sliding blocks of the Bosch Rexroth assembly technology system
- 30x100 M grooved plates combinable to achieve any panel width
- Supplied as a single rod, Standard profile type

Technical data

Specification	Value
Cross-section	30x100 mm
Length (L)	5600 mm

Specification	Value
Profile type	Standard
Open slots	7
Profile slot	8 mm
Slot spacing	25 mm
Condition on delivery	Single rod in standard length
Packaging unit	1
Weight	14.88 kg
