

Kabelkanal P40 ESD 2000 mm, PVC schwarz, Profilnut 10 mm - Bosch Rexroth 3842549895

Item no. BRR-3842549895 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842549895

ESD-conductive PVC cable duct for routing electrical lines in Bosch Rexroth aluminium profiles with a 10 mm slot. The captive cover opens without tools for fast access to the generous cable space, and the duct simply clips into the profile slot for tool-free assembly. Length 2000 mm, colour black, VDE certified.

TECHNICAL DATA

Article authenticity	Original product
Colour	Black
Condition of article	New
Country of Manufacture	Germany
ESD-Ausführung	ESD (antistatic)
Lenght	2000 mm
Weight	0.662 kg
Zolltarifnummer	39259020

LENGHT

2000 mm

WEIGHT

0.662 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The P40 ESD cable duct keeps electrical lines neatly routed and protected inside Bosch Rexroth aluminium profiles with a 10 mm slot. The ESD-conductive PVC material dissipates static charge and protects sensitive assemblies - provided a suitable conductive connection between the profile and the duct (e.g. via a screw) is included in the design. A captive clip-on cover allows quick, tool-free access to the large usable cable volume, while the snap-in mounting removes the need for drilling or adhesive.

- ESD-conductive PVC - protects electrostatic-sensitive assemblies on the workstation

- Captive cover with snap-lock - tool-free access, no loose parts
- Large cable volume for clear, tidy cable management
- Clips directly into the 10 mm profile slot - fast, clean installation
- Cover cap for duct ends with pre-punched cable entry holes
- VDE certified
