

Kabelkanal P45 Signalgrau 2000 mm, PVC, Profilnut 10 mm - Bosch Rexroth 3842549896

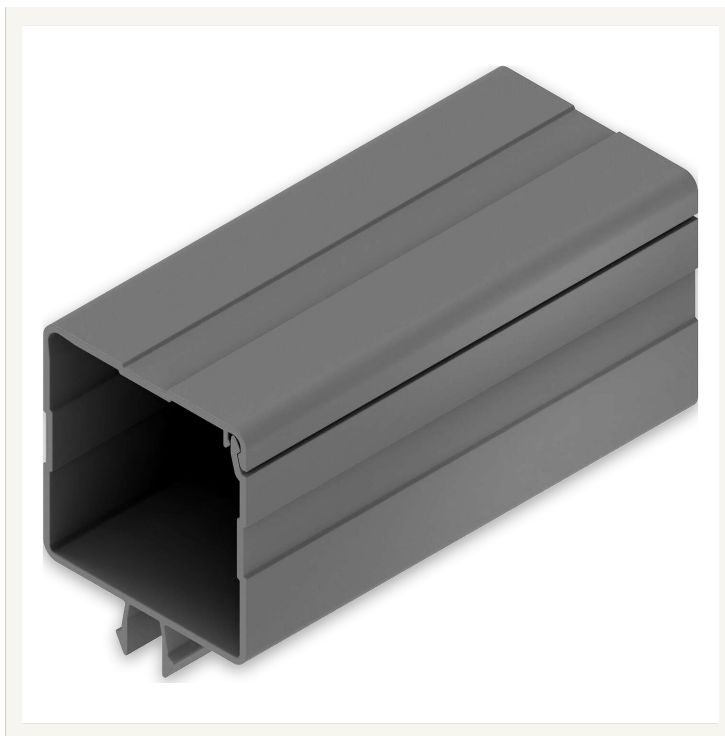

Item no. BRR-3842549896

Manufacturer Bosch Rexroth

PVC cable duct for routing electrical lines along aluminum profile assemblies. The captive snap-on cover allows fast access to the wiring, and the duct clips directly into the 10 mm profile slot without tools. VDE-certified, signal gray, 2000 mm length.

TECHNICAL DATA

Country of Manufacture	Germany
Lenght	2000 mm
Weight	0.933 kg
Zolltarifnummer	39259020

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth P45 cable duct keeps electrical lines neatly routed within aluminum profile structures. It clips tool-free into the 10 mm profile slot, while the captive cover snaps open instantly for cable access or additions. The large usable interior volume accommodates dense wiring runs and simplifies subsequent modifications. The duct is VDE-certified; where ESD conductivity between the profile and the cable duct is required, a suitable design solution - such as a screw connection - must be provided.
