

Kabelkanal P45 ESD 2000 mm, schwarz, PVC, Profilnut 10 mm - Bosch Rexroth 3842549897

Item no. BRR-3842549897

Manufacturer Bosch Rexroth

Cable duct for routing electrical lines in ESD-sensitive assembly environments. The snap-fit cover provides fast, tool-free access to a large usable volume, while the clip-in design mounts directly into the 10 mm profile slot. Length 2000 mm, black PVC, VDE certified.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
Lenght	2000 mm
Weight	0.713 kg
Zolltarifnummer	39259020

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth P45 ESD cable duct keeps electrical lines organized and protected in ESD-sensitive production and assembly workstations. At 2000 mm long with a generous internal volume, it clips directly into the 10 mm slot of the Rexroth aluminum profile system - no tools or additional hardware required. The captive snap cover with pre-punched cable entry holes closes securely and reopens in seconds.

- ESD-conductive black PVC - reduces electrostatic discharge risk at sensitive assemblies
- Snap-fit cover with cover cap - large usable cross-section, tool-free access
- Direct clip-in mounting into 10 mm profile slot - simple, fast installation
- Pre-punched holes in cover cap - cable entry and exit at any desired position
- VDE certified - verified safety for industrial use
