

Abdeckkappe Kabelkanal 45 ESD, Profilnut 10 mm, schwarz - Bosch Rexroth 3842551007

Item no. BRR-3842551007

Manufacturer Bosch Rexroth

ESD-conductive PP cover cap for the Bosch Rexroth Cable Duct 45 ESD. Clips directly into the 10 mm profile slot for fast, tool-minimal assembly and seals the duct with pre-punched cable exit points. Supplied with fastening screw; packaging unit of 10.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Italy
Hinweis	Gemäß der aktuellen Preisstruktur werden für Bestellungen von Profilen mit einer Länge von 1500 mm zusätzliche Kosten in Höhe von 80,00 Euro berechnet.
Weight	0.12 kg
Zolltarifnummer	39235090

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The cover cap closes the Cable Duct 45 ESD flush, protecting routed cables from dust and mechanical damage. Pre-punched knock-outs allow clean cable routing without additional machining. The ESD-conductive PP construction maintains a continuous electrostatic connection between profile and cable duct when paired with a suitable design measure - for example a conductive fastening screw - as required by ESD protection concepts in electronics assembly. VDE certified.

- Clips into the 10 mm profile slot - fast, tool-minimal assembly
- Full access to the large usable volume of the cable duct is retained
- Pre-punched cable exit openings for organised routing
- ESD-conductive PP, black - compatible with EPA workstation requirements
- VDE certification
