

Andrückrolle VFPLUS, Ø 70 mm, PU-Rolle für Vertikaltransport - Bosch Rexroth 3842552950

Item no. BRR-3842552950 **Manufacturer** Bosch Rexroth**Manufacturer no.** 3842552950

Pressure roller for the VFPLUS flat-top chain system, enabling cost-effective vertical transport of light products. The 70 mm PU roller increases contact pressure on the conveyor chain, ensuring reliable friction-based transport through inclined or vertical sections. Supplied with fastening material; sectional rail and clamping holder required as accessories.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The 3842552950 pressure roller extends the VFPLUS flat-top chain system with dependable vertical transport capability. Its 70 mm PU roller increases friction between the product and the conveyor chain, guiding light workpiece carriers and components safely through rising or descending track sections - without the need for separate lifting units.

- Vertical transport of light products without a dedicated lift unit
- PU running surface for consistent friction and gentle product contact
- Stainless steel ball bearing, sealed on both sides - low maintenance and long service life
- Fastening material included in scope of delivery
- Packaging unit: 10 pieces

Technical data

Parameter	Value
Diameter D	70 mm
Roller material	PU (polyurethane)

Parameter	Value
Bearing	Ball bearing, stainless steel, sealed on both sides
Weight	0.06 kg
Scope of delivery	Incl. fastening material
Packaging unit	10 pieces
Required accessories	Sectional rail, aluminum; Clamping Holder
