DESCRIPTION

The strap-shaped handle N6 mounts directly into slot-6 aluminium profiles, providing a secure, ergonomic grip on doors, covers and panels in industrial framing systems. At 0.012 kg per unit, the PA construction keeps weight low while resisting impact and common industrial chemicals.

- Profile slot 6 - direct fit into standard slot-6 aluminium extrusions
- Polyamide (PA) body - lightweight, impact-resistant and corrosion-free
- Signal gray RAL 7004 - consistent appearance across machine enclosures
- Compatible with clamping elements and T-nuts - fast, tool-free installation
