DESCRIPTION

The Connecting Kit VF+ 90 Bridge Belt R enables installation of active belt bridges in the right-hand variant within the modular VarioFlow plus conveyor system, size 90 mm. Supplied partially assembled, the kit contains all required fastening material, the transmission and the protective cover - no separate component sourcing needed.

- Partially assembled: reduced installation effort at the line
- Complete scope of delivery: fastening hardware, transmission and protective cover included
- Multi-material construction for conveyor duty: aluminium, stainless steel, PA, PE, ABS and PUR
- System-compatible with VarioFlow plus AL, size 90 mm
