

Verbindungssatz VF+ 120 Bridge Belt R, vormontiert - Bosch Rexroth 3842558005

Item no. BRR-3842558005

Manufacturer Bosch Rexroth

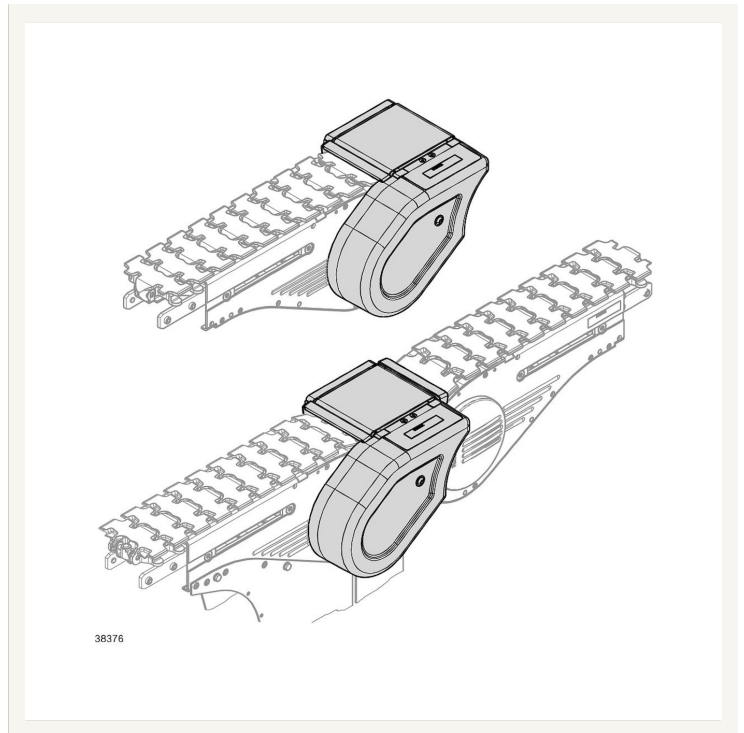

Connecting kit for the VarioFlow plus chain conveyor system in size 120, supplied part-assembled from aluminium, stainless steel 1.4301, PA, PE, ABS and PUR. The kit joins conveyor sections at a bridge belt deflection point and includes fastening material, transmission and protective cover. Designed for fast installation and modular expansion of VF+ 120 aluminium-frame lines.

TECHNICAL DATA

Country of Manufacture **Germany**

Weight **0.1 kg**

Zolltarifnummer **84313900**

DESCRIPTION

The Connecting Kit VF+ 120 Bridge Belt R provides the mechanical link between conveyor sections in the Bosch Rexroth VarioFlow plus aluminium system, size 120. Delivered part-assembled, it reduces on-site fitting time and integrates directly into new or existing line layouts without the need to source additional small parts.

- Part-assembled on delivery - reduces installation time during line extension or new builds
- Material combination aluminium / stainless steel 1.4301 / PA / PE / ABS / PUR - corrosion-resistant, suitable for continuous industrial operation
- Complete scope of delivery - fastening material, transmission and protective cover included, no additional hardware required
- Size 120 mm - compatible with all VF+ 120 components in the aluminium system

TECHNICAL DATA

Property	Value
Size [b]	120 mm
Condition on delivery	Some assembly required (part-assembled)
Material	Aluminium / stainless steel 1.4301 / PA / PE / ABS / PUR
Scope of delivery	Incl. fastening material, transmission and protective cover
Weight	2 kg
