## DESCRIPTION

This connecting kit is designed for the short passive bridge (PAS Bridge S FLA) in the VarioFlow plus aluminium chain conveyor system, size 65. The partially assembled unit in stainless steel 1.4301 and POM ships complete with fastening hardware, minimising installation time at the conveyor line.

- Partially assembled: reduces installation effort directly at the line
- Stainless steel 1.4301/POM construction: resistant to light media and mechanical wear
- Fastening material included: no additional parts required
- Matched to flat conveyor chains in the VarioFlow plus 65 aluminium system
