DESCRIPTION

The 3842558181 offset screwdriver is designed for fastening connector elements in Rexroth aluminium profiles with slot 10. Both ends carry a Torx 50 profile: the long arm (200 mm) spans the profile joint for straightforward bolt-down, while the short arm gives direct access inside the slot - covering both assembly positions without changing tools.

- Torx 50 profile on both ends for variable use
- Long arm for profile joint mounting
- Short arm for easy access in the profile slot
- Nickel-plated steel for corrosion resistance and lasting grip
- Compatible with profile slot 10
