

Potentialausgleichleitung für Kabelführungsprofil - Bosch Rexroth 3842558193

Item no. BRR-3842558193 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842558193

Compensating cable for connecting cable guide profiles to the protective earth conductor. Ensures equipotential bonding within the assembly system and supports electromagnetic compatibility requirements. Compatible with Bosch Rexroth cable guide profiles used in VarioFlow and transfer system series.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	85444290

DESCRIPTION

The compensating cable 3842558193 provides a reliable equipotential bond between cable guide profiles and the protective earth system of the installation. It meets prescribed bonding requirements and supports electromagnetic compatibility in automated assembly and transfer systems.

- Reliable equipotential bonding at cable guide profiles
- Simple installation without special tools
- Weight: 0.1 kg
