

Steckschlüsseleinsatz Torx T50 x 180 mm, Antrieb 3/8" - Bosch Rexroth 3842558194

Item no. BRR-3842558194 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842558194

Torx T50 wrench socket, 180 mm long, with 3/8" square drive for mechanical and manual assembly applications. The extended length suits profile joint mounting, and the stable ball head allows fastening screws without direct axial access.

Zolltarifnummer	82041100

DESCRIPTION

Torx wrench socket for T50 fasteners, 180 mm overall length, 3/8" square drive. Designed for use with Bosch Rexroth assembly technology in mechanical and manual torque applications, particularly where profile joints limit direct tool access.

- Torx T50 profile - suited to connectors and fasteners used in Bosch Rexroth aluminium profile systems
- 180 mm length - adapted to the working depth required at profile joints
- Stable ball head - allows screw engagement without full axial alignment of the tool
- 3/8" square drive - compatible with standard torque wrenches and ratchet tools

Technical data

Specification	Value
Profile	Torx T50
Overall length	180 mm
Drive	3/8" square
Head type	Ball head
Application	Mechanical and manual assembly, profile joint mounting
