

Trennsteg für Kabelführungsprofil H80, 3000 mm, PVC signalgrau - Bosch Rexroth 3842558222

Item no. BRR-3842558222 **Manufacturer** Bosch Rexroth**Manufacturer no.** 3842558222

PVC dividing strip for the Bosch Rexroth CGP H80 cable guide profile, splitting the channel into 2 or 3 separate chambers to route power and data cables independently. Tool-free push-in installation and angled ends keep cables in their intended chamber even in horizontal runs. Supplied in units of 10 x 3000 mm strips.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Lenght	3000 mm
Weight	6.9 kg
Zolltarifnummer	39269097

DESCRIPTION

The CGP H80 dividing strip segments the cable guide profile into up to three independent chambers, allowing power cables, data lines, and signal wiring to run side by side without interference. Push-in installation requires no tools, and the slanted strip ends prevent cables from crossing into adjacent chambers during horizontal installation. Made from PVC in signal grey, the strip is designed to match the Bosch Rexroth CGP H80 profile system.

- Up to 3 separate chambers for power, data, and signal cables in one profile
- Tool-free push-in installation - fast and secure
- Angled ends retain cables in the correct chamber in horizontal mounting positions
- PVC signal grey - matched to the Bosch Rexroth CGP profile range
- Packaging unit: 10 pieces
