ESD safe

DESCRIPTION

The CGP 40x120x120 cover plate provides a clean front-face closure for Bosch Rexroth cable guide profiles of size 40x120x120 mm. The anodized surface resists corrosion, and the four included DIN7500-PE M4x8 screws lock the cover firmly in place without movement. ESD suitability makes it appropriate for use in electrostatic-protected assembly environments.

- Precise fit for cable guide profile 40x120x120 mm
- ESD-rated for electrostatic-protected workplaces
- Anodized surface for lasting corrosion resistance
- Screw-fixed for a secure, rattle-free fit
- Supplied in packs of 10, fastening material included
