

Kabelführungsprofil 40x120x120, 4x L=6070 mm, Aluminium eloxiert - Bosch Rexroth 3842558243

Item no. BRR-3842558243 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842558243

Function-integrated aluminum profile with usable interior space for routing cables and hoses within the profile structure, eliminating the need for separate external cable ducts. The two-part design - profile and hinged cover - provides quick access for installation and maintenance, with a concealed 10 mm groove for socket strips or installation elements. Delivery unit: 4 pieces at 6070 mm each, all core holes pre-tapped M12.

DESCRIPTION

The Bosch Rexroth cable management profile 40x120x120 integrates an enclosed cable and hose routing channel directly into the structural profile - a clean, compact alternative to external cable ducts in assembly lines and machine frames. At 6070 mm per piece, the packaging unit of 4 covers standard frame bays in Bosch Rexroth aluminum profile systems.

- Usable interior space for cables and hoses - no separate external cable duct required
- Two-part construction: profile body and cover with hinge function on both sides for fast access
- Concealed 10 mm groove for mounting socket strips or installation elements
- Closed exterior surface for a clean appearance and touch protection
- Mounts for dividing strips, grounding cables, and potential equalizer conductors
- All core holes pre-tapped M12 (factory-machined)
- Material: aluminum, anodized - corrosion-resistant and lightweight

Technical data

Parameter	Value
Article number	3842558243
Dimensions (W x H x D)	40 x 120 x 120 mm
Length [L]	6070 mm
Open slots	2
Delivery unit	4 pieces
Condition on delivery	Packaging unit in standard length
Profile adaption	M12 in all core holes
Material	Aluminum, anodized
Weight (packaging unit)	202.02 kg
Recommended accessories	Self-tapping screw 3842552267 (cover fixing), Potential equalizer line 3842552234
