DESCRIPTION

The CGP 120x120 edge protector in polypropylene guards cables and wiring against sharp edges at the transition between profile joints and cable guide profiles in Bosch Rexroth aluminium profile systems. The integrated snap lock allows tool-free installation, and the part can be added to existing assemblies at any time.

- Prevents cable damage at sharp-edged profile transitions
- Tool-free fitting via snap lock
- Suitable for retrofitting into existing profile installations
- Lightweight PP construction, 3 g per unit
