ESD safe

DESCRIPTION

The cover cap CGP 80x120 ESD closes profile joints and profile butt joints in the Bosch Rexroth aluminum profile system, giving assemblies a clean, finished appearance. It is designed for use with 3/4 or 1/2 profile joints in combination with strut profile 40x120 and meets ESD requirements for use in electrostatically sensitive environments.

- Closes profile joints and profile butt joints in various application combinations
- Compatible with 3/4 and 1/2 profile joints on strut profile 40x120
- ESD-compliant for electrostatically sensitive production and assembly areas
- Polypropylene construction - lightweight, durable, and chemically resistant
- Supplied in packs of 10
