## DESCRIPTION

The Bosch Rexroth CGP 20x120 spacer secures cover caps at profile joints and guides cables safely along the profile edge. Its two-part construction in signal grey polypropylene clicks into place without additional tooling, making it suitable for use at 1/2 profile joints within the Rexroth assembly technology system.

- Enables cover cap mounting at profile joints - keeps connection zones clean and protected
- Edge protection for safe cable routing along the profile joint
- Two-part design for fast, tool-free assembly
- PP signal grey RAL 7004 - matches the Rexroth profile design system
- Packaging unit: 5 pieces
