DESCRIPTION

The Cover Rail 80 in signal gray seals the opening gap of socket strips installed in cable guide profiles. Its two-piece half-shell design simplifies installation and allows the cover to be extended to fully close socket strips of 263 mm or 404 mm length (with extension piece).

- Closes the opening gap of installed socket strips in cable guide profiles
- Compatible with socket strips from the MPS range (263 mm and 404 mm length)
- Extendable by combining multiple cover rails
- For installation in cable guide profiles 40x120x120 and 120x120 6N
- Two-piece construction (2 half shells) for straightforward installation
