

Steckdosenleiste 4-fach mit RCD-Schutz - Bosch Rexroth 3842558636

Item no. BRR-3842558636

Manufacturer Bosch Rexroth

Four-outlet power strip with integrated residual current device (RCD) for safe power supply at manual assembly workstations. Protection class IP20 per DIN EN IEC 60529. Compact format (404 x 44 x 87 mm) designed for direct integration into Rexroth workstation systems.

TECHNICAL DATA

Country of Manufacture **Romania**

Weight **0.74 kg**

Zolltarifnummer **85366990**

STANDARDS & COMPLIANCE

IEC 60529

DESCRIPTION

The 3842558636 power strip delivers mains power to four devices at an assembly workstation, with an integrated residual current device (RCD) that trips immediately on any insulation fault - protecting both operators and connected equipment. Rated IP20 per DIN EN IEC 60529, it is designed for dry production and assembly environments and integrates directly into the Rexroth manual production system range.

- 4 outlets with RCD protection - active personal safety at the point of use
- IP20 protection class (DIN EN IEC 60529) - verified for enclosed production areas
- Compact dimensions 404 x 44 x 87 mm - space-efficient fit within Rexroth workstation profiles
- Weight 0.74 kg - easy handling during installation and reconfiguration
