## DESCRIPTION

The 80x40x40 mm T-piece extends the Bosch Rexroth modular cable duct system, joining three duct sections with tool-free push-in connectors supplied in the box. The polypropylene (PP) body is signal gray (RAL 7004) and VDE certified. Because PP is inherently non-conductive, the included potential equalizing cable bridges two duct sections conductively to meet ESD workplace requirements.

- Push-in connecting elements included - tool-free, fast assembly
- Potential equalizing cable included - conductive connection for ESD compliance
- VDE certified
- PP material, signal gray RAL 7004
