DESCRIPTION

The VF240+ STS DRIVE track support is a bracket for the drive section of the VarioFlow plus stainless steel chain conveyor system in size 240 mm. Delivered as a complete set with all fastening material included, it arrives unassembled to allow flexible integration into new or existing conveyor lines. The 1.4301 stainless steel construction makes it suitable for hygienic and corrosion-exposed production environments.

- Grade 1.4301 stainless steel (AISI 304) for reliable corrosion resistance
- Complete set including fastening hardware - no additional parts required
- Size 240 mm, compatible with VarioFlow plus STS track sections of the same width
- Delivered unassembled for straightforward on-site fitting
