

Vertikalkurve 65+ AL 90° R500 für VarioFlow plus Kettenförderer - Bosch Rexroth 3842559126

Item no. BRR-3842559126 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842559126

Vertical aluminium curve, 90° deflection angle, size 65, radius 500 mm for the VarioFlow plus chain conveyor system. The anodized aluminium profile with galvanized steel connectors provides compact vertical redirection. Supplied fully assembled and ready to mount to the AL section profile - slide rail required.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The vertical curve 3842559126 redirects conveyor chains in the VarioFlow plus aluminium system through 90° in the vertical plane. At size 65 with an overall dimension A of 636.3 mm, it connects directly to existing AL section profiles. The fully assembled delivery format minimises installation time on the line.

- **Anodized aluminium profile** - corrosion-resistant and lightweight, suited to clean and lightly loaded production environments
- **Galvanized steel profile connectors** - high mechanical strength at all joint points
- **Diecast aluminium cross connectors** - precise geometry at low weight
- **Supplied fully assembled** - fastening material for mounting to the AL section profile included
- **Modifications available** - additional versions on request (COS@boschrexroth.de)

Technical data

Specification	Value
System	VarioFlow plus, aluminium

Specification		Value
Deflection angle [α]		90°
Size [b]		65 mm
Dimension [A]		636.3 mm
Profile		Aluminium, anodized
Profile connector		Steel, galvanized
Cross connector		Diecast aluminium
Support profile from size 160		Non-rusting steel 1.4301
Scope of delivery		Incl. fastening material for mounting to AL section profile
Delivery condition		Fully assembled
Required accessories		Slide rail
Weight		2.64 kg
