DESCRIPTION

The SG-180 KPL grab container base provides a rigid, floor-standing foundation for SG-180 series grab containers used in manual production and assembly systems. Built from sheet steel with an ESD-safe finish in dusty gray (RAL 7037), it meets the requirements of electrostatic protected areas and fits seamlessly into Bosch Rexroth assembly technology line configurations.

- ESD-safe: suitable for EPA-compliant workstations handling electrostatic-sensitive components
- Sheet steel construction in dusty gray (RAL 7037): durable and easy to clean
- Compact footprint 180 x 315 mm at 149 mm height: space-efficient integration into existing lines
- System-compatible with the Bosch Rexroth SG-180 Montagetechnik series
