STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Loop Cable Bracket 8 keeps cables and hoses neatly routed along aluminium profiles with slot 8, protecting them from chafing and uncontrolled movement. The pre-assembled Velcro strap and tool-free screw-in foot allow the bracket to be placed or repositioned anywhere along the slot in seconds.

- **Tool-free installation:** Foot screws directly into the profile slot - no loose nuts or separate fasteners.
- **Flexible orientation:** Mount parallel or vertical to the slot to suit the cable routing direction required.
- **Conductive PP construction:** Cable bracket made from conductive polypropylene, UL-certified - suitable for ESD-sensitive assembly environments.
- **Wide clamping range:** 8 to 35 mm diameter accommodates individual cables, bundles, and flexible hoses.
- **Ready to use:** Velcro strap (180 x 20 mm) pre-fitted; unpack and install immediately.

Technical data

Parameter	Value
Profile slot	8
