STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Loop Cable Bracket 10 secures cables and hoses to aluminium profiles with slot 10 without causing abrasion or damage. The Velcro strap provides stepless clamping across a 8 to 35 mm range, while the foot geometry supports both parallel and vertical installation in the slot - no tools required, even for retrofitting.

- Tool-free installation directly into profile slot 10 - no drilling or additional hardware
- Flexible orientation: parallel or vertical slot mounting both possible
- Velcro strap protects cables and hoses from abrasion during routing
- Conductive PP (black, UL certified) - suitable for ESD-sensitive environments
- Pack of 10, pre-assembled and ready for immediate use

Technical data

Property	Value
Profile slot	10

Property	Value
Clamping area	8 ... 35 mm
Length of Velcro strap	180 mm
Width of Velcro strap	20 mm
Cable bracket material	PP conductive, black, UL certified
Velcro strap material	PP / PA velour, UL certified
Scope of delivery	Cable bracket incl. Velcro strap, pre-assembled
Packaging unit	10 pieces
Weight	0.07 kg
