## DESCRIPTION

The Bosch Rexroth LeanIndicator app provides digital capture and analysis of SQCD events at the point of work. This item renews the usage licence for one area by a further 12 months.

- **Intuitive event capture:** entry by click or dialog box, including event type, time stamp and optional free-text description
- **Automatic detector assignment:** the capturing device is transferred automatically on each entry
- **Clear performance overview:** daily, monthly and annual statistics plus a load event counter at a glance
- **Freely configurable:** up to 3 incident types, up to 10 languages, display colours freely selectable
