DESCRIPTION

The 3842559931 control unit drives one to three LIFT lifting units of the F1000 series, making it suitable for assembly lines where height-adjustable workstations or lifting devices must operate synchronously or independently. The input voltage is 120 V DC and the maximum load rating Fmax is 1000 N.

- Controls up to three LIFT units simultaneously
- Maximum load Fmax 1000 N
- Input voltage 120 V DC
- Supplied with fastening material

TECHNICAL DATA

Parameter	Value
Article number	3842559931
Type	Control unit 1-3XLIFT F1000
Input voltage DC	120 V
Maximum load version (Fmax)	1000 N
Weight	0.7 kg
Scope of delivery	Incl. fastening material
